

# Live Internet Audio Broadcast

We are blessed to make available a live audio stream of our Sunday services to those who cannot be with us in person.

If you plan to listen in, please send an email to [bobcarden@aol.com](mailto:bobcarden@aol.com) to request a PDF of the teaching notes.

Listeners can receive the stream with any MP3 player, on any platform, which supports streaming. In most applications we've tested you find the "Open URL" (or "Open Stream" or "Open Location") option in the player, and enter the following text. ( <http://live.gcfnaperville.org> ) You should then be prompted to enter a user name and password. This will change regularly. You can request to be sent a login by filling out the following form at least 3 days in advance of the date of the service you wish to join us on.
